

Midwest Ministry Development is looking for one or more contract counselors for the Chicago area office! Please share this information with anyone whom you think might be well-suited to this opportunity to "minister to ministers," per our mission statement.

Requirements for the position include:

- * Licensed in the state of Illinois as a mental health professional (master's or doctoral level)
- * Excellent clinical skills
- * Strong writing skills
- * Interest in working with diverse populations
- * Comfortable working with persons holding a broad range of theological stances, and willingness to work with a broad range of denominations

Preferred, but not required, would be:

- * Fluency in Spanish
- * Significant experience in working with diverse populations
- * Interest in occasional in-person work with clients at our office, as well as ability to work via secure video-conference platforms

As contractors, counselors can set their own availability and coordinate assignment of programs with our administrative staff. Ideally, I'd like to have someone who can work in our office with at least one two-day candidate program per month and who would be comfortable doing brief screenings online (which can be done at the counselor's private practice office or other secure setting of their choosing). I will provide training for each type of program in which the counselor is interested. If someone proves to be a good "fit," there may be more opportunities that open up in the future, but for now, this would be a good place to start.

Please direct any interested party to contact me directly via email (mstonemmds@gmail.com) or through our office address (mmds69chgo@gmail.com).

Thank you so much for your partnership in this ministry!

Peace,

Margo Stone
