Report from the Interim Conference Minister

"Connected to Each Other"

Rev. Justo González II

In the play "Last Session" the lead character who is dying sings, "Connected" to each other. It has spoken to me for over 20 years. It speaks to the need for community, relationships of mutuality, trust, respect and mutual accountability. "Connected to each other. We should all be connected to each other... We will always be connected to each other."

The Manual on Ministry in its Theological Grounding section states, "God 'calls the worlds into being', giving life and purpose to creation, to persons, and to communities. Throughout the biblical stories and across generations, God calls us to belong to God and to respond to God's grace by belonging to one another. Such belonging together (being in covenant with one another) relies on the initiative and grace of God... In Jesus Christ, the covenant is made new. By the Holy Spirit, the covenant is widened and strengthened."

Relationship and Covenants:

Everything begins with a commitment to intentional relationship building. Like most who participate in the UCC, we have ALL heard "covenant." Yet, like most, it wasn't until I spent time with my mentors, took our History and Polity Course, and spent time with Conference Staff, our local Committee on Ministry (COM), Ministerial Excellence Support and Assessment (MESA) and the Manual on Ministry (MOM), that I discovered the essence of what I have always known to be true. "Covenant—the commitment of God to God's people, of the people to God, of the people to one another as the Body of Christ—is foundational to our UCC identity...God's covenant with creation and humankind inspires deep and binding commitment in relationships within and beyond the Church... The Church is called together by God; all members and settings of the Church are interrelated,

sharing a common identity as the Body of Christ. The covenantal relationships between parts of the Body of Christ are characterized by mutuality, transparency, accountability, and a desire to represent Christ together for the glory of God.”

We recognize that transition can be difficult. In light of the resignation of Rev. James Olson as Acting Associate Conference Minister of the Illinois Conference, the Council of the Fox Valley Association has felt the impact that this transition is having on individuals and the association as a whole. Regardless of whether we are prepared for

change, it inevitably draws feelings of uncertainty and grief to the surface of our lives and the organizations for which we care deeply. Unexpected transition amplifies that grief, because we do not always have a full picture of what led to those transitions. Perhaps we fear that something is deeply wrong, or that a person or institution is acting in bad faith.

When it comes to staff transitions, it is this uncertainty that we feel most pointedly, because we are in that difficult bind in which our desire to understand what happened and the wider church’s commitment to good boundaries meet in ways that sometimes feel unsatisfying.

The Personnel Committee, Conference Council and Illinois Conference staff must hold the confidentiality of personnel, not just because it is legally required of them (as it is with all organizations), but because it is the ethical thing to do. Because of this, the wider community may not know all of the details surrounding staffing changes. It is tempting to fill the empty spaces with mistrust, fear, or anger.

Report from the Illinois Conference President

The Search Committee to conduct the national search for the next Acting Associate Conference Minister for the Illinois Conference has been called together. The period for collecting Profiles has closed, and review has begun. The position is “Acting” as we realize that the configuration of staff we have today is not matched to our current budgetary constraints.

The minimum configuration of members of the Search committee is carefully prescribed by our By-Laws. Rev. Justo González II, Interim Conference Minister acts as chair of the team. Mr. Mike Linder, as Past Conference President also represents the Fox Valley Association. Rev. Chuck Maney, as the Conference President also represents the Prairie Association. Rev. Bob Sherman, serves as the Personnel Committee Chair and also represents Western Association.

Rev. Melody Seaton, serves as representative of the Eastern Association. Chicago Metropolitan Association has two representatives. Ms. Juanita Bradley and Ms. Myra

Taylor represent CMA. The Rev. Dr. Marilyn Pagan-Banks was added to the minimum alignment to bring a wider representation of the diversity in our Conference.

Demystifying Hospice

Rev. Brandyn Simmons

I often travel to do panel discussions and presentations with the Illinois Hospice and Palliative Care Organization (ILHPCO). Along with the president and vice president of ILHPCO, we get a number of recurring questions. I would like to address a few of these FAQs here. In a future article, I will include a rubric comparing hospice and palliative care.

Does hospice make you die faster?

No. Hospice does not effect the speed of the dying process. The primary focus is to keep the individual comfortable with the best quality of life possible. The key is quality over quantity, but it is generally believed that people on hospice live a longer, more meaningful life than one who is not on hospice.

What services are provided?

The hospice team consists of a doctor, nurse, certified nurse's aide, chaplain, social worker, bereavement coordinator, and on occasion, a music, art, or pet therapist. The idea of hospice is to provide care for the wholeness of one's being. These services are most often offered *in the home* of the patient and allow for aging and dying in place.

Should we wait until just before death to start hospice?

Honoring the Living Legacy of Faith UCC in Chicago

Rev. Julie Jane Capel, Pastor and Mr. David Billingham, Leadership Team and Financial Secretary

I ask that you imagine sitting next to your grandmother, granddaddy or a beloved elderly neighbor who is *only* a century old. Looking into their wise eyes – slightly hidden by bifocals – and inviting them to go on a domestic mission trip that focused on compassion, mercy, justice and Jesus. They will have to sleep on a cot, shower at the YMCA and volunteer until two hours past their usual bed time. Now imagine that your beloved senior citizen sits back in their chair, eyes shut and carefully speaks into existence the words that should have been obvious in the first place.

“I am not in that stage of life anymore. My heart still beats for the Kingdom of God. My blood still boils over injustice. My ears still itch for promptings from the Holy Spirit. My tears are still shed for who have not experienced freedom in Christ. My feet still tap in worship. And my mouth still praises our Creator and Sustainer.”
